

Join the AFSMCE Child Care Providers Together Directory!

Ohio Council 8, AFSCME, AFL-CIO and the Child Care Providers Together Union are pleased to announce the creation of a directory of Union member child care providers. By completing and returning the form below you can join this directory which will advertise your services to fellow union members looking for child care services.

Your union is excited to make it easier for Union members to access union child care and help providers grow your business through addition of private pay clients to any subsidized care you provide.

Note: Your information will only be included in this directory by inclusion of the attached form being your permission. You could remove or change your information through a written follow up at any time. This information will be provided publically through the Ohio Council 8 website and made available to local unions.

To Submit: Fill out the attached form and either mail to 6800 N. High Street, Worthington, OH 43085, fax to 614-430-7960, or scan and email to ohioccp@afscme8.org. If you have any questions please contact your Local president.

We hope you will take advantage of this opportunity to help fellow union members discover an opportunity for quality union child care and for you to increase your business.

Member to Member Child Care Service

The purpose of this form is for you, an AFSCME Independent Child Care Provider, to become part of an advertising service to help other union members seek out union child care services. Our goal is to create a directory available to members that would allow them to find a child care provider that meets their needs in terms of care, timing, and location and is also a union brother or sister.

To be included in this directory, please complete the information below. You can choose to include only what information you are comfortable with being released publically. It is our hope that this service will provide additional growth opportunities for union child care providers while simultaneously allowing other union members to use union services for child care.
